DETAILED ACTION

Current Status

2. Receipt and entry of Applicants' amendment is acknowledged.
3. Claims 17-20 and 22-26 are pending in the application.
4. The nonstatutory obviousness-type double patenting rejection of claims 17-20 and 22-26 as being unpatentable over claims 1-18 of US 7,351,339 is withdrawn because Applicants filed a Terminal Disclaimer.

Request from Examiner

The examiner is respectfully requesting that applicants provide the chemical structure for each species of claim 25. This submission would make the record clearer and advance the prosecution of this Application.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:
The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 17-20 and 22-26 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 25 is indefinite because the variables N and R are not defined. They are defined as amino group or organic radicals. It is required that applicants properly define these variables. Correction is required.

Claims 17-20 and 22-26 provide for the method of synthesizing a compound, but, since the claim does not set forth any steps involved in the method/process, it is unclear what method/process applicant is intending to encompass. A claim is indefinite where it merely recites a process (**of forming an acid**) without any active, positive steps delimiting how this use is actually practiced. The steps for synthesizing a compound are not there.

Claims 17-20 and 22-26 are rejected under 35 U.S.C. 101 because the claimed recitation of a method of synthesizing a compound, without setting forth any steps involved in the process, results in an improper definition of a process, i.e., results in a claim which is not a proper process claim under 35 U.S.C. 101. See for example *Ex parte Dunki*, 153 USPQ 678 (Bd.App. 1967) and *Clinical Products, Ltd. v. Brenner*, 255 F. Supp. 131, 149 USPQ 475 (D.D.C. 1966).
